6. VILLAGE LIAISON REPORT
Mr. Bill Seiden gave the Village Liaison Report.

7. LIBRARY DIRECTOR’S REPORT
Ms. Falasz-Peterson gave the Library Director’s Report. Ms. Falasz-Peterson thanked staff who delivered the Summer Reading signs. Despite closure, our Curbside Pickup service has been extremely well received by our patrons due to a well-designed system by the use of bins and parking spots designated for this service. The Patron Services Department is working very hard. In March around 21,000 items were checked out and there has been a steady return of about 300 materials a day. The Library expects Curbside Pickup to remain a popular service due to the positive feedback received. We began accepting online library card applications in March and have received around 200 thus far. The Library reopening draft was updated to realign more closely with Illinois’ Restore Plan. Ms. Falasz-Peterson met with the Facilities Supervisor regarding various building modifications. Other modifications include adding directional arrows and signs, and blocking off areas to limit traffic. We are currently asking staff to use the back entrance when entering and front doors when exiting. We conducted a staff survey to measure level of comfortability in returning to work. Patrons are able to call into the library now and leave a message. During Phase 4, most likely to begin in July, the library is looking to expand in-person services such as allowing for computer usage.

Ms. Wener appreciates the staff’s ability to do their best during these uncertain times. Mr. Stone asked for clarification regarding the challenges of curbside pickup. Ms. Falasz-Peterson stated that the challenge was whether or not the library could adapt to the response rate of the service. The service is more popular than expected and as a result, has been expanded by increasing scheduling times and pick up spots. Mr. Stone asked how the level of comfort staff feel regarding returning to work affects overall productivity. Ms. Falasz-Peterson said that she has seen staff working productively and believes that while staff may feel uncomfortable at times, they are doing their best. Ms. Ellenbogen, Ms. Wener, and Mr. Seiden utilized Curbside pick up and had positive experiences. Ms. Ellenbogen asked for clarification
